Professional Summary

Aspiring Data Analyst with a Bachelor's degree in Computer Engineering and hands-on experience in data analysis, dashboard development, business reporting, and data visualization. Proficient in Python, SQL, Excel, Power BI, Statistics, and Data Cleaning. Skilled in transforming raw data into actionable insights through exploratory data analysis, KPI reporting, and interactive dashboard creation. Passionate about solving business problems using data-driven decision-making.

Technical Skills

Programming Languages: Python, SQL

Data Analysis: Data Cleaning, Data Transformation, Exploratory Data Analysis (EDA), Statistical Analysis, Data Interpretation

Data Visualization: Power BI, Excel Dashboards, KPI Reporting, Data Storytelling

Python Libraries: Pandas, NumPy, Matplotlib, Seaborn

Database: MySQL

Excel: Pivot Tables, Power Query, VLOOKUP, XLOOKUP, HLOOKUP, Conditional Formatting, Data Validation

Tools: Git, GitHub, Jupyter Notebook, VS Code

Projects

ESPN Cricket Analytics Dashboard

Power BI, Excel

- Analyzed cricket performance datasets covering batting, bowling, and fielding statistics.
- Performed data cleaning, transformation, and validation using Excel and Power Query.
- Developed interactive Power BI dashboards to visualize player performance metrics.
- Created KPI-driven reports for performance comparison and trend analysis.
- Generated actionable business insights through effective data storytelling and visualization.

SQL Data Analysis Project

MySQL

- Designed relational database schemas and managed structured datasets.
- Performed advanced SQL querying using Joins, Subqueries, Aggregate Functions, Group By, and Having clauses.
- Extracted meaningful business insights from large datasets.
- Developed reports to support data-driven decision making.

Python Data Analysis Project

Python, Pandas, NumPy

- Cleaned and transformed raw datasets using Python libraries.
- Conducted exploratory data analysis to identify trends and patterns.
- Created visualizations using Matplotlib and Seaborn.
- Automated data analysis workflows and reporting processes.

Experience

UI/UX Designer Intern

Jan 2026

TechnoGrowth Software Solutions Pvt. Ltd.

- Designed user-centric interfaces and prototypes using Figma.
- Conducted usability testing and user research activities.
- Collaborated with development teams to improve user experience.
- Applied analytical thinking and problem-solving methodologies to optimize workflows.

Data Analytics Virtual Experience Program

Deloitte Australia (Forage)

- Completed real-world analytics tasks involving business data interpretation.
- Developed dashboards and visual reports to communicate insights.
- Analyzed datasets and generated business recommendations.
- Presented findings using data visualization and storytelling techniques.

Certifications

- Data Analytics Certification – CWH Solution
- Data Analytics Job Simulation – Deloitte Australia (Forage)
- Full Stack Development Program – UpGrad Learning Support Center Pune
- UI/UX Design Internship Certificate – TechnoGrowth Software Solutions Pvt. Ltd.

Education

Bachelor of Engineering (Computer Engineering)

2024 – 2027 (Expected)

Savitribai Phule Pune University (SPPU)

Current CGPA: 7.5

Final Year Student

Diploma in Information Technology

2020 – 2023

Amrutvahini Polytechnic, Sangamner

Percentage: 80.50%

Additional Information

- Strong analytical and problem-solving abilities.
- Experience working with data visualization and dashboard development.
- Knowledge of KPI tracking, business reporting, and data storytelling.
- Excellent communication and presentation skills.
- Passionate about leveraging data for business decision-making.
